West Didsbury Astronomical Society was formed to bring people together who have an interest in Astronomy.

If you are into astronomy and you're in the Manchester (UK) area come and meet other local astronomers.

Everyone is welcome from the complete beginner to the more experienced astronomer.

There are regular meetings during the year and ad hoc observing sessions.

Meetings are usually held on the second Monday of every month - except in August - at: William Hulme's Grammar School, Spring Bridge Road, Manchester, England M16 8PR[[Click here for detailed directions](#)] Meetings run from 7pm - 9pm.
