NEXT MEETING

March 12th 2018

'The James Webb Telescope'

Speaker: Gemma Reed
(University of Manchester)

7 - 9 pm.

William Hulme's Grammar School,
Performing Arts Building

Meeting comments by the Society Committee, and then follows Gemma's talk.

Welcome to our second 2018 society talk.

The Committee will open the meeting outlining our events.

Hopefully, we had a good weekend at Lligwy.

Gemma is from the Science and Technology Facilities Council, University of Manchester, and will talk about the new James Webb Telescope and also do some demonstrations with an infra-red camera.
